  - 0.850 L tank
  - Automatic infra-red sensor distribution
  - Key for locking the tank from above
  - Flow Rate Adjustment : Level 1: 0.5 ml
  - Compatible with hydroalcoholic gels (except for microbeads)
  - Powered by 4 LR6 batteries (not supplied)

**Colours :** Manganese Grey

**Dimensions:**

Without packaging :		With packaging :	
Weight :	1,794 kg	Weight :	2,206 kg
Volume :	0,015 m3	Volume :	0,015 m3
Dim. (L*I*H) :	158x110x430 mm	Dim. (L*I*H) :	450x180x180 mm

**Custom Code :** 73239900

**Gencod:** 3019920525200

**Advantages :**

- Robustness
- Automatic control prevents hands from touching the dispenser
- Economical: dispensing the right amount of disinfectant gel with each use

**Precautions for use :**

- The station must be installed at room temperature (15°C to 25°C), away from heat and direct sunlight, far from any flammable source and in a well-ventilated room.

- All our disinfection stations require regular cleaning (once a week): emptying the gel, cleaning the tank with hot water, refilling with gel
